HealthTeam Advantage Plan I (PPO) HealthTeam Advantage Plan II (PPO)

This is a summary of drug and health services covered by HealthTeam Advantage PPO. January 1, 2024 - December 31, 2024.

The benefit information provided is a summary of what we cover and what you pay. It doesn't list every service we cover or every limitation or exclusion. For a complete list of covered services refer to your Evidence of Coverage booklet. You can request a copy from your Healthcare Concierge or view it on the website at www.HealthTeamAdvantage.com.

To join a HealthTeam Advantage PPO Health Plan, you must be entitled to Medicare Part A, be enrolled in Medicare Part B, and live in our service area. Our service area includes the following counties in North Carolina: Alamance, Caswell, Davidson, Davie, Forsyth, Guilford, Montgomery, Orange, Randolph, Rockingham, Stokes, and Yadkin.

HealthTeam Advantage has a network of doctors, hospitals, pharmacies and other providers. If you use the providers in our network, you may pay less for your covered services. You also have the option of using providers outside the network, however you will have higher costs associated with those visits and services.

For more information, contact the plan at 1-888-965-1965 (TTY: 711) from 8 a.m. to 8 p.m. Eastern, 7 days a week from October 1 - March 31, and 8 a.m. to 8 p.m. Eastern, Monday through Friday, April 1 - September 30, or visit us online at www.healthteamadvantage.com. Understanding Drug Payment Stages

Initial Coverage Stage

During this stage, you pay a flat fee (copay) or a percentage of a drug's total cost (coinsurance) for each prescription you fill.

You won't pay more than \$35 for a one-month supply of each covered insulin product regardless of the cost-sharing tier.

The plan pays the rest until your total drug costs (paid by you and the plan) reach \$5,030 (2024).

Coverage Gap Stage

During this stage, you pay 25 percent of the total cost for brand name and generic drugs PLUS a portion of the dispensing fee. Tier 1 generics are covered at same copay as in the initial coverage stage (see EOC for details).

You won't pay more than \$35 for a one-month supply of each covered insulin product regardless of the cost-sharing tier

Once your out-of-pocket costs reach \$8,000 (2024), you move to catastrophic coverage.

Catastrophic Coverage Stage

In this stage, the plan pays the full cost for your covered Part D drugs. You pay nothing. (See the EOC for details).

The plan and Medicare pay the rest until the end of the calendar year.
