

Dental Care

Expanded dental plan includes more preventive and comprehensive services and a high annual maximum.

Dental health can have a direct impact on your overall health and well-being and may influence the development of certain conditions, such as diabetes and heart disease. Preventive dental services are included in all benefit offerings and include dental cleanings, oral exams, X-rays, and Medicare-covered exams.

For 2024, we are expanding our coverage of procedures for comprehensive dental care to include fillings, dentures, endodontics, restorative services, and crowns. Your annual maximum for preventive and comprehensive dental is \$3,000.

**For a complete list of covered dental services,
please refer to the Evidence of Coverage.**

As the state's leading dental insurance provider, Delta Dental® of North Carolina offers the largest network of dentists. There are more than 1,500 licensed dentists who accept Medicare Advantage plans in our network. More dentists mean more convenience and access for you.
